PORTADOWN INTEGRATED NURSERY AND PRIMARY SCHOOL

E-SAFETY POLICY

Article 19

Every child has the right to be protected from being hurt, mistreated, in body and mind.

Article 28

Every child has the right to a good education.

Introduction

ICT in the 21st Century is seen as an essential resource to support learning and teaching, as well as playing an important role in the every day lives of children, young people and adults. Consequently, schools need to build in the use of these technologies in order to arm our children with the skills to access life-long learning and employment.

Information and Communications Technology (ICT) covers a wide range of resources including; web-based and mobile learning. It is also important to recognise the constant and fast paced evolution of ICT within our society as a whole. Currently the internet technologies children and young people are using both inside and outside of the classroom include:

- Websites
- Learning Platforms and Virtual Learning Environments
- Email and Instant Messaging
- Chat Rooms and Social Networking
- Blogs and Wikis
- Podcasting
- Video Broadcasting
- Music Downloading
- Gaming
- Mobile/Smart phones with text, video and/or web functionality
- Other mobile devices with web functionality

Whilst exciting and beneficial both in and out of the context of education, much ICT, particularly web-based resources, are not consistently policed. All users need to be aware of the range of risks associated with the use of these Internet technologies.

At Portadown Integrated Nursery and Primary school we understand the responsibility to educate our pupils in e-Safety issues; teaching them the appropriate behaviours and critical thinking to enable them to remain both safe and legal when using the internet and related technologies, in and beyond the context of the classroom.

This policy is inclusive of both fixed and mobile internet; technologies provided by the school; (such as PCs, laptops, i-pads, webcams, whiteboards, digital video equipment, etc); and technologies owned by pupils and staff.

Roles and Responsibilities

As e-Safety is an important aspect of strategic leadership within the school, the Principal and governors have ultimate responsibility to ensure that the policy and practices are embedded and monitored. The named e-Safety co-ordinators in our school are **Mrs.Curran and Mr Roberts**. All members of the school community have been made aware of who holds this post. It is the role of the e-Safety coordinators to keep abreast of current issues and guidance.

The Principal /e-Safety coordinators update Senior Management and Governors and all governors have an understanding of the issues at our school in relation to local and national guidelines and advice.

Writing and reviewing the e-Safety policy

This policy, supported by the school's Acceptable Use Agreement for staff, governors, visitors and pupils, is to protect the interests and safety of the whole school community. It is linked to the following mandatory school policies including those for ICT, Discipline, Health and Safety, Child Protection, and PSHE policies including Anti-bullying.

Our e-Safety policy has been written by the school. It has been agreed by the Senior Leadership Team, Staff and approved by the Governing Body. The e-Safety policy and its implementation will be reviewed annually.

E-Safety skills development for staff

- Staff receive information and training on e-Safety issues through the coordinators at staff meetings.
- All staff have been made aware of individual responsibilities relating to the safeguarding of children within the context of e-Safety and know what to do in the event of misuse of technology by any member of the school community.
- New staff receive information on the school's Acceptable Use Agreement as part of their induction.
- All staff are encouraged to incorporate e-Safety activities and awareness within their lessons.

E-Safety information for parents/carers

- Parents/carers are asked to read through and sign the Acceptable Use Agreement on behalf of their child.
- Parents/carers are required to make a decision as to whether they consent to images of their child being taken/used on the school website.
- The school website contains useful information and links to sites regarding safing safe on the internet.
- The school will send out relevant e-Safety information through newsletters, the school website, the Kaleidos Learning Platform and the school prospectus.
- Training for parents/carers on Internet Safety by the PSNI has been organised.

2. Teaching and Learning

Internet use will enhance learning

- The school will provide opportunities within a range of curriculum areas to teach e-Safety.
- Educating pupils on the dangers of technologies that may be encountered outside school is done informally when opportunities arise and as part of the e-Safety curriculum.
- Pupils are aware of the impact of online bullying and know how to seek help if these issues affect them. Pupils are also aware of where to seek advice or help if they experience problems when using the Internet and related technologies; i.e. parent/carer, teacher/trusted member of staff, or an organisation such as Childline/CEOP.
- The school Internet access will be designed expressly for pupil use and will include filtering appropriate to the age of pupils.
- Pupils will be taught what Internet use is acceptable and what is not and given clear objectives for Internet use.
- Pupils will be educated in the effective use of the Internet in research, including the skills of knowledge location, retrieval and evaluation.

Pupils will be taught how to evaluate Internet content

- The school will ensure that the use of Internet derived materials by staff and pupils complies with copyright law.
- Pupils should be taught to be critically aware of the materials they read and shown how to validate information before accepting its accuracy.

3. Managing Internet Access.

E-mail

- Pupils may only use approved e-mail accounts on the school system.
- Pupils must immediately tell a teacher if they receive offensive e-mail.
- Pupils must not reveal personal details of themselves or others in e-mail communication, or arrange to meet anyone without specific permission.
- E-mail sent to an external organisation should be written carefully and authorised before sending, in the same way as a letter written on school headed paper.
- The forwarding of chain letters is not permitted.

Published content and the school web site

The contact details on the Website should be the school address, e-mail and telephone number. Staff or pupils' personal information will **not** be published. The Principal will take overall editorial responsibility and ensure that content is accurate and appropriate.

Publishing pupil's images and work

- Written permission from parents or carers will be obtained before photographs of pupils are published on the school Website. This consent form is considered valid for the entire period that the child attends this school unless there is a change in the child's circumstances where consent could be an issue.
- Parents/carers may withdraw permission, in writing, at any time.
- Photographs that include pupils will be selected carefully and **will not** enable individual pupils to be clearly identified.
- Pupils' full names will not be used anywhere on the Portadown Integrated Nursery and Primary School Website, particularly in association with photographs.
- Pupil's work can only be published by outside agencies with the permission of the pupil and parents.

Photographs taken by parents/carers for personal use

On the event of parents/carers wanting to take photographs for their own personal use, the school will demonstrate our protective ethos by announcing that photographs taken are for private retention and not for publication in any manner, including use on personal websites, e.g. School performances and assemblies etc. Parents/ carers will be asked to sign a form agreeing to this when attending such events.

Social networking and personal publishing

- The school will block / filter access to social networking sites.
- Newsgroups will be blocked unless a specific use is approved.
- Pupils and parents will be advised that the use of social network spaces outside school is inappropriate for primary aged pupils. However, we accept that some pupils will still use them; they will be advised never to give out personal details of any kind, which may identify them or their location.
- Pupils are advised to set and maintain profiles on such sites to maximum privacy and deny access to unknown individuals.
- Our pupils are asked to report any incidents of bullying to the school.
- School staff are advised not to add children as 'friends' if they use these sites.

Managing filtering

- The school will work the C2K Internet Service Provider to ensure systems to protect pupils are reviewed and improved.
- If pupils or staff discovers an unsuitable site, it must be reported to the Class Teacher, e-Safety Coordinator or Principal.
- Senior leadership team will ensure that regular checks are made to ensure that the filtering methods selected are appropriate, effective and reasonable.

Managing emerging technologies

- Emerging technologies will be examined for educational benefit and a risk assessment will be carried out before use in school is allowed.
- The use of portable media such as memory sticks and CD ROMS will be monitored closely as potential sources of computer virus and inappropriate material.
- Pupils are not allowed to bring personal mobile devices/phones to school. Any phones that are brought to school will be sent to the Principal's office and kept there until the end of the day.
- The sending of abusive or inappropriate text messages outside school is forbidden.
- Staff will use a school phone where contact with pupils is required.
- Staff should not use personal mobile phones during designated teaching sessions.

4. Policy Decisions

Authorising Internet access

- Pupil instruction in responsible and safe use should precede any Internet access and all pupils must sign up to the Acceptable Use Agreement for pupils and abide by the school's e-Safety rules. These e-Safety rules will also be displayed clearly in all classrooms and computer suite.
- Access to the Internet will be by directly supervised access to specific, approved on-line materials.
- All parents will be asked to sign the Acceptable Use Agreement for pupils giving consent for their child to use the Internet in school by following the school's e-Safety rules and within the constraints detailed in the school's e-Safety policy.
- All staff must read and agree in writing to adhere to the Acceptable Use Agreement for Staff before using any school ICT resource.

Password Security

- Adult users are provided with an individual network login username and password, which they are encouraged to change periodically.
- All pupils are provided with an individual network login username and password.

- Pupils are not allowed to deliberately access on-line materials or files on the school network, of their peers, teachers or others.
- Staff are aware of their individual responsibilities to protect the security and confidentiality of the school network, C2K systems.

Assessing risks

The school will take all reasonable precautions to ensure that users access only appropriate material. However, due to the international scale and linked nature of Internet content, it is not possible to guarantee that unsuitable material will never appear on a school computer. The school can not accept liability for the material accessed, or any consequences of Internet access. The school will audit ICT provision to establish if the e-Safety policy is adequate and that its implementation is effective.

Handling e-Safety complaints

- **Complaints of Internet misuse will be dealt with by a senior member of staff and reported to the e-Safety coordinators.**
- **Deliberate access to inappropriate materials by any user will lead to the incident being logged by the class teacher and/or e-Safety coordinators and recorded in the e-Safety incident file.**
- **Any complaint about staff misuse must be referred to the Principal.**
- **Complaints of a child protection nature must be dealt with in accordance with school child protection procedures.**
- **Pupils and parents will be informed of the complaints procedure.**

5. Communications Policy

Introducing the e-Safety policy to pupils

- E-Safety rules should be displayed in all classrooms and the ICT suite and discussed with the pupils at the start of each year. Specific lessons will be taught by class teachers at the beginning of every year and at relevant points throughout e.g. during PSHE lessons/circle times/anti-bullying week.
- Pupils will be informed that network and Internet use will be monitored.
- Training by .

Staff and the e-Safety policy

- All staff will be given the School e-Safety policy and its importance explained.
- Any information downloaded must be respectful of copyright, property rights and privacy.
- Staff should be aware that Internet traffic could be monitored and traced to the individual user. Discretion and professional conduct is essential.

- A laptop issued to a member of staff remains the property of the school. Users of such equipment should therefore adhere to school policy regarding appropriate use with regard to Internet access, data protection and use of software, both in and out of school.

7. Monitoring and review

This policy is implemented on a day-to-day basis by all school staff and is monitored by the e-Safety Coordinator.

This policy is the Governors' responsibility and they will review its effectiveness annually. They will do this during reviews conducted between the e-Safety Coordinator, ICT Coordinator, Designated Child Protection Coordinator, and Governor with responsibility for ICT and Governor with responsibility for Child Protection (e-Safety committee). Ongoing incidents will be reported to the full governing body.

The e-Safety policy will be revised by the e-Safety Coordinator.
