Portadown Integrated Nursery and Primary School will open a new Learning Support Unit in September 2021. The Education Authority have formally approved the opening of the Unit initially for three years with the intention of creating a permanent provision thereafter. The Board of Governors are seeking to appoint an enthusiastic teacher to support the formation and development of a learning unit that is an integral part of a school's approach to supporting the needs of identified pupils.

All staff in Portadown Integrated Primary & Nursery School believe in an inclusive ethos and that every pupil has an entitlement to develop their full potential while being educated alongside their peers. Educational provision in Portadown Integrated NPS addresses children's particular learning needs, differences or disabilities, as well as facilitating the efficient education for other children with whom they are educated.

We provide learning experiences that develop effective learners and recognise individuality of each child. We value diversity and embrace it to support the learning of all. As an Integrated School we work towards identifying and minimising the barriers to learning for all children.
